

Dear parents / guardians,

We have arranged for Curious Critters to attend school on the 5th and 7th October 2021. All year groups will be joining in with the experience.

Curious Critters was established to provide educational, fun and interactive live animal, exotic animal and reptile handling sessions.

We are asking for a £3.50 contribution for each child. Please pay your contributions through www.lunchshop.co.uk. As always if we do not receive enough contributions we will be forced to cancel the experience. The deadline for the payment is Thursday 30th September.

Thank you to all parents and carers for your continued support. Your contributions make it possible for us to provide these educational experiences for the children in school.

Mrs Kendal.
