

What will school look like in September ? Pt 2

The main way school will control the risk of Covid 19 is the use of class bubbles.

Each bubble will need to be kept apart therefore when dropping off or picking up -

- Follow the one way system around the school building.
- Do not form groups or linger. Arrive at your designated times and leave promptly.
- Children must not play before school on the playground with children who are not part of their class bubble.
- Entry and collection will be from your child's class's external door.
- For families who have several siblings attending the school, to avoid them waiting around for different start times, they should --
 - ⇒ Check which of their children has the latest start time and drop off all their children at their classes at this time.
 - ⇒ Check which of their children has the earliest end time and collect all of their children at this time.

Start and end times, breaks and lunches will be staggered to keep bubbles apart. Lunches will be eaten in classes before the children are given 30 minutes outdoor play.
